Rabbit-3 two speed floor machine model 19

Benefits of this great machine is that it can be used for **many more different purposes than a regular polisher**. Here a list of what this machine can do:

1. As a regular polisher, **Spray-buff** floors
2. Strip floor **without splashing the corrosive liquid**
3. **Strip floors fast** by adding 2 weights to it
3. Scrub and **clean baseboards** and half round cove baseboards
4. When downsized to a 13" machine, used **in washrooms**
5. Putting it in the car trunk by **detaching the handle**

Cleaning
baseboard

Features:

1. Detach cable before filling the water tank from sink. (You don't want to fight with cable to walk 50ft unplug & re-plug it)
2. Operate machine at either 200 or 300rpm
3. All moving parts are reinforced with bushing.
4. Rectified DC soft start 1.5hp motor. (As a result when the machine is working hard, it will slow down before it blow a fuse)

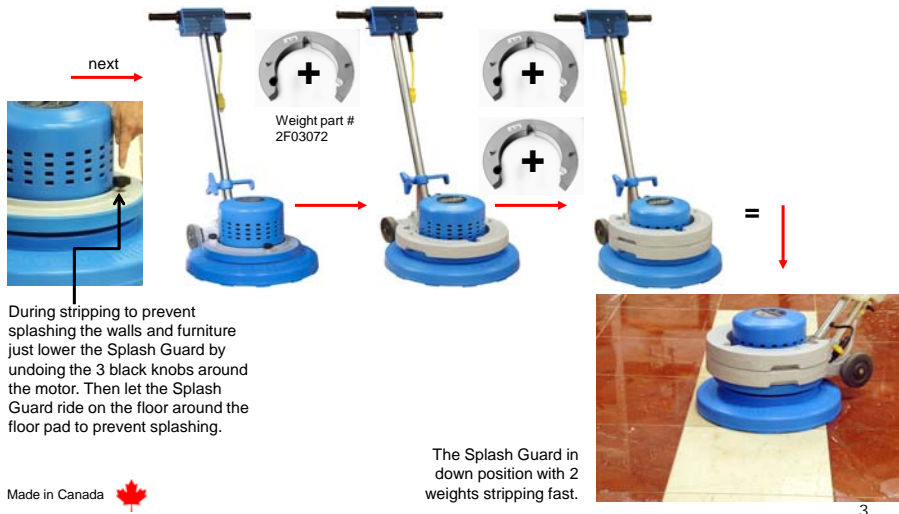

Made in Canada. CSA/UL approved

Rabbit-3 part # 2W22037

Rabbit-3 c/w Flex hose
part # 2W22038

Stripping Fast illustration # 1

Stripping Fast illustration # 2

Just lower the splash-guard, add the weights and you have the perfect machine. It will strip fast without splashing.

These weights are a **major money savers** when you strip floors.

Add 2 weights to the machine and reduce your stripping time by half when stripping floors.

The weights will cut down the stripping time regardless what chemical or pad you use.

This is a very prudent way to save money.

Use the weight only when the floor is wet.

Weight Part # 2F03072

Rabbit-5 carpet cleaner with pump

Benefits:

The fastest carpet cleaner on the market.
Spray then walk forward & and clean the carpet which may dry in half an hour.
An excellent machine to maintain the high traffic areas such as in front of the elevators and entry ways.

Time saving benefit, the bonnet does not need to be dunked in to the water, just throw it on the floor, position machine on top of it then spray and walk forward.

Features

The Rabbit-5 has a built-in pump on top of the motor & is activated from top of the handle.

It has an articulated spray nozzle which may be directed 90 degrees to the left or right. It accepts 19" diameter bonnet.

The 4 Gallon solution tank holds the solution for the job.

Single speed 175rpm

1.5hp AC motor with two capacitors

50ft 14 gauge cable.

Pump 40 psi and Interchangeable spray tips #1, #2, #3

Machine Part # 2W22042
Includes:
Water (solution) tank Part # 2A88850
Bonnet driver Part # 2A81982

Made in Canada 

9

Rabbit-6 carpet cleaner with pump & light

Benefits:

Walk into a dark office or night club afterhours with this machine & its large lamp and you can clean the carpet in a flash.

This is the fastest carpet cleaner on the market.

Spray then walk forward & and clean the carpet which may dry in half an hour. An excellent machine to maintain the carpets frequently walked areas such as front of the elevators and entry ways.

Time saving benefit, the bonnet does not need to be dunked in to the water, just throw it on the floor, position machine on top of it then spray and walk forward.

Features

The Rabbit-6 has a built-in pump on top of the motor & can be activated from top of the handle.

It has an articulate spray nozzle which may be directed 90 degree to the left or right. It accept 19" diameter bonnet.

The 4 Gallon solution tank hold all the liquid with detergent one need for the job.

Single speed 175rpm

1.5hp DC motor

50ft 14 gauge cable.

Pump 40 psi

Interchangeable spray tips #1, #2, #3

part # 2W22048 c/w Water tank

Bonnet driver part # 2A81982

If machine is used for marble or terrazzo grinding then you'll need Weight part # 2F03072

motor made in USA

10

Stonechat

heavy duty stone grinder & polisher for wet or dry application

For other discs, please see - Stone care & Stonechat accessories

This is the most powerful machine we produce for 110 Volt and 15 Amp
Soft start DC 1.5Hp motor. Disc speed 180 rpm
Stonechat part #2W220-4 is equipped with 3 weights, a dust port and a water tank.

The Stonechat is very powerful and capable of carrying 240lb on top of its own 90lb weight totaling 330lb.

Slurry and dust are contained by lowering the Splash guard.

Grinding, path: 18" Water tank capacity: 4 gal
Production rate, grinding, polishing terrazzo or marble: 100 to 150 sq ft/hour/step

In addition to its own 3 weights, several more can be added and still work 24/7.

The extra wide (22 inches) handle reduces fatigue. The handle adjustment is located at the top of the handle and is a dream to operate.

The Amp. meter provides feedback to judge the number of weights to be used.

Machine part # **2W220-4**
Extra weight part # 2F03072

Made in Canada

11

Rocky

model17 for the RENTAL industry

Part # 2W22013

Aluminum CUTTING head with diamond Cup wheels 30grit for grinding concrete. It will leave a smoother surface.

Magpie c/w 6 cup discs part # **2A81837**

Aluminum CUTTING head with 16 grit diamond "Gimlets" for concrete grinding or glue removing. It will leave a rough surface.

Magpie c/w 6 Gimlets part # **2A81836**

Benefits:

Spray buff floors
Strip floors
Grind concrete or polish marble floors
Remove old glue from concrete

Features:

A vacuum attached to the dust port removes dust during operation
Detachable handle to fit it into cars
For grinding epoxy add 40lb weight
Cutting head operates at 175 rpm
All moving parts are reinforced
Motor: AC type 1.5hp with dual capacitors
For concrete grinding or for glue removing use 16" dia solid aluminum cutting head with diamonds. The cup disc will leave a smoother surface than the "Gimlet"
For epoxy coating use the "Gimlet" to create rough surface.

Machine part # **2W22013**
These items can be added to the machine

Water tank part # 2A88850
Weight part # 2F03072
Cutting head part # 2A81836 or 2A81837

Made in Canada

12

Stonechat-Mini

for table or counter top polishing

Motor: 1.5Hp soft start DC motor
Power source: 110 Volt Current: 15 Amp
Price includes 1- 40lb weight, drive block for diamonds and Splash guard
Machine with 1 weight: 115lb
Machine with 2 weight: 155lb
Grinding, honing, polishing path: 13"

Water hose hook-up. With a simple valve one can control the amount of water use during honing while the slush is contained inside the splash guard.

This machine will outperform the standard 7" or the multi-head grinder because the amount of weight it can carry.

By adding 1 more weight, you can cut the time in to half to finish the job. It is very easy to operate with much less fatigue than the regular single head grinder.

The nicest part of it is, this machine will work for 20 or 30 years on the job without breathing heavy.

13

Machine part part # 2W220-9
Extra Weight part # 2F03072
Splash Guard part # 2E94026

Mde in Canada

Woodpecker

dustless floor sander

Machine part # 2W220-2
Weight part # 2F03072

Benefits & features

1. An excellent machine to finish gym floors, class rooms floors & apartment parquet.
2. The 2 fluorescence light bulbs illuminate the work area.
3. Equipped with an exhaust port, the attached vacuum will remove air-born dust.
4. One 40 lb weight is included
5. Soft start, single speed 1.5hp DC motor identical to the Stonechat
6. You may use the regular drive block #2A81942 with a white pad & screen or the Crow #2A81850 & double sided sandpaper

Made in Canada

Dust guard down while the hose connected to a vacuum cleaner is the key for DUSTLESS sanding and finishing.

Vacuum cleaner for dry application

Best seller

SL-3

12 liter (3 gal) capacity vacuum cleaner with long life expectancy because we are still using metal for most parts such as the motor housing, casters, intake nozzle and latches. The result is, machines made in 1970 are still in use.

It is portable, equipped with three (3) separate filters.
Paper Bag to package the dirt. Just discard it when full
Cloth filter if you don't want to spend money on paper filter
Micro Corrugated final filter which filters the air to 5micron size
 The out going air is filtered to 95% by this micro filter.

The double ball bearing casters are riveted (not pushed in) to the base. Which means that you will be able to roll the machine for 30 years without fearing to fall out from the hole. Built in plug outlet for a power brush.

Part # 1W12010 c/w 10 feet hose
 Part # 1W12015 c/w hose & Tool kit

Made in Canada. CSA/UL approved

Tool kit #73

19

Vacuum cleaner

SL-5 dry application

20 liter (5 gal) capacity vacuum cleaner with long life expectancy because we are still using metal for most parts such as the motor housing, casters, intake nozzle and latches. The result is, machines made in 1970 are still in use.

It is powerful, portable and extremely durable.

The Cloth filter is washable

The double ball bearing steel house casters are riveted (not pushed in) to the base. Which means that you will be able to roll the machine for 30 years without fearing to fall out from the hole.

Plug outlet for power brush.

SL-5 part # 1W12020

Vacuum cleaner 12 liter (QUIET)

The quiet machine

We do more for your ears than just wish you good luck.

The SILENTO is so quiet, you can listen to the news on the Radio while it is running. Dry application only.

The Clean Air Machine.

Vacuuming can be risky. The house dust you just picked up penetrate the filter and goes back where it came from, to the room. That's where the HEPA filter excel. It stops and retains tiny dust as small as a bacteria. To be precise, 0.3 micron size dust. Now, that is small.

Falcon-1 & 2 vacuum cleaners

Deluxe model

Specification for	FALCON-1	FALCON-2
Motor power input	770 watts	1340 watts
Airflow	93 cfm	108 cfm
Vacuum, water inch lift	85 inch	105 inch
Cable	40ft - 16gauge	50ft - 14gauge

Made in Canada.

Falcons are the most robust vacuum cleaners we build.

May be used for wet or dry applications.

Liquid recovery capacity is 45 liter or 12 gal.

Dry & Wet filters are included, so is the 10 foot long hose.

The tool caddy basket is made of heavy steel to hold your cleaning tools.

The carriage is made of chrome plated steel tube which will last as long as the vacuum cleaner

To hold the top down, we use 3 pcs double- lock steel latches.

The steel motor house is powder coated

The container is 5/16" thick polyethylene.

Falcon-1

Part # **1W12111**

Falcon-1a deluxe c/w tool caddy, drain hose

Part # **1W12112**

Specifications are the same for both machines

Falcon-2

Part # **1W12120**

Falcon-2a deluxe c/w tool caddy, drain hose

Part # **1W12122**

Specifications are the same for both machines

24

Falcon-5 vacuum cleaner

The dirt collector.

The Centaur way to empty FALCON-5

This amazing machine collects dirt efficiently into an ordinary, off-the-shelf garbage bag. To empty the vacuum, just pull the strings and lift out the full bag. Replace it with a fresh one and you are ready to go again- no fuss, no mess. The bag has the capacity to hold 50 liters -about 13 gallons- of dry dirt. When used for liquid, just remove the garbage bag.

The clean-air machine

Using the Falcon-5 and breathe easier.

Vacuuming can be risky because some of the dust penetrates the vacuum filter and gets back to the air and into your lungs. If this dust is a biological hazard, it can cause major health problems. That's where our filtration system comes in...

Our large **HEPA filter** retains dust as small as 0.3 micron at 99.97% efficiency. It filters out most bacteria.

Part # **1W12146**

Specification:

Capacity: 50 liter or 13 gal
Vacuum: 85 water inches
Air flow: 93 CFM
Motor:

Hose connector: Metal.

Filtration: Cloth filter and HEPA filter with particle retention of 0.3 micron@ 99.97%
Weight net: 60lb 64lb gross
770 watt by-pass type

Made in Canada. CSA/UL approved 

25

Interceptor the "burst type" dust collector

This machine was designed to pick up fine concrete dust or wood dust. When the filter is clogged, just open the top valve and let the air burst in to the vacuum to clean the filter. When the indicator light flash, it is time to open the valve. When the tank is full, just close the bag and discard it with the dirt.

Part # **1W12108**

Included in price:

Hose 1-1/2" dia 10ft long
Large Cartridge Filter
Cable 45ft 14gauge

Made in Canada. 

26

Drive blocks

Oriol floor pad driver 18" dia part# 2A81940

Oriol floor pad driver 16" dia part# 2A81630

These blocks have a rubber donut at the center to even out the wobbliness caused by the uneven floor pads. On the bottom the usual hooks hold the pad in place. It was designed for the 300 rpm machines.

13" floor pad driver part# 2A81330

Small diameter driver for the "downsized" Rabbit, Woodpecker or Stonechat

Oriol Plus pad driver 18" dia. part# 2A81942

Oriol Plus pad driver 16" dia .part# 2A81740

**Red bristle Bonnet driver
part #2A81982**

This is the ideal driver for bonnets because it won't damage them and it is inexpensive.

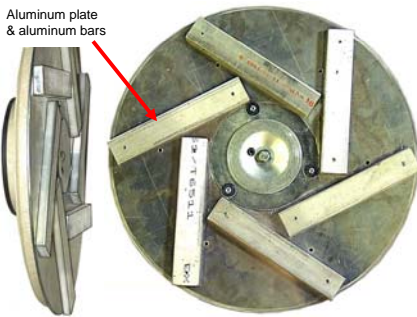

The Oriol Plus block comes with a center lock which helps with centering the pad and keeps it in place when you lift the machine. Because we don't believe that plastic can be made to the same excellence as machined parts, we machine the surface of this block to make it absolutely parallel with each other. On the bottom the usual hooks hold pad in place.

30

Drive blocks for wood sanding

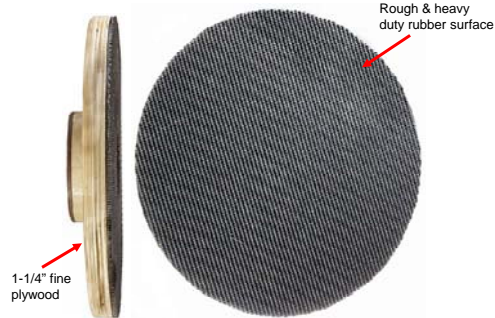

CAMEL Sandpaper holding disc 18" dia.

Aluminum plate
& aluminum bars

This specially-designed sandpaper holder multiplies the weight of the floor machine by concentrating the weight onto a smaller surface. Hence, the 120 lb machine behaves as if it were 400 lb. The result is an **incredible gain in productivity**. Once the sandpaper is worn, the aluminum plate can be rotated under it to get the fresh part of the sandpaper. 18" dia. Part # **2A81851**

CROW Sandpaper holding disc 18" dia.

This time-honored disc isn't our invention; we just made it better. The virtue of the disc is that it's very, very flat. Therefore, the floor it sand will be very, very flat. Use a double-sided sandpaper which is many times better than a single side sandpaper. The double sided is more rugged and less prone for tearing. When you use a screen just put a white floor pad under the screen.

Disc 18" dia Part # **2A81850** Disc 16" dia Part # **2A81848**

Made in Canada

Tynex brushes

Silicon carbide impregnated nylon bristles which replenish as the brush wears off. Available in 4 different grades. Outlasts floor pad 100 to 1

1. **500 grit** with minimum aggression. For daily scrubbing of tiles, marble, terrazzo, epoxy and wood floors.
2. **180 grit** is an excellent scrubbing brush for vinyl or ceramic tiles. Flexible enough for cleaning and uneven surfaces. Cleans narrow grout
3. **80 grit** our most popular aggressive brush for general scrubbing or stripping finishes from hard surfaces. Cleans wide grout lines.
4. **46 grit** the most aggressive brush. This heavy gauge nylon with larger carbide can be used for cleaning heavily soiled concrete floors. Use these brushes in wet environment.

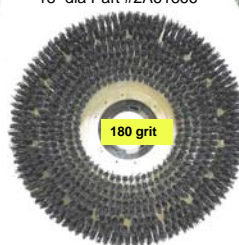

Sizes 19", 20" and 21"
Are available.

18" dia Part #2A61867

32

Shampoo brush

Plastic clutch plate

Metal clutch plate

Clutch-plates for all brushes and drive locks

Plastic with 5"dia center hole Part # **2M09200**. This is the most popular plate. It is easy to put on and take off. Sometimes under heavy load it may break.

Metal with 5"dia center hole. Part # **2M09201**. This plate will outlast the plastic and won't break, but at times it is difficult to take it off from the machine.

An excellent quality brush. It is Nylon and flexible. Supple enough to gently scrub carpets, yet has more "memory" than other fibers for a longer lasting brush. It has two different diameter bristles. The outer rows are heavier to carry the weight of the machine. While the inner white is a lighter weight nylon. Fits Rabbit-3 & 5 & 6 Part # 2A81980

Stainless steel disc height can be adjusted to match the brush wear.

The best **shampoo brush** on the market. The weight of the machine rests on the stainless steel (adjustable as it wears down) in the middle of the brush. It allows the brush to easily glide over the carpet, reduces drag, and increases efficiency. The bristles will last much than a regular shampoo brush

Fits Rabbit-3 & 5 & 6 Part # 2A81983

33

Scrub Jay #3 the baseboard cleaning attachment

Cleaning of taller baseboards see next page

Scrub Jay #3
part# **2A81356**

34

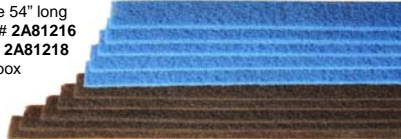

Scrub Jay #4 for cleaning tall baseboards

Scrub Jay #4 part# 2A81358

Replacement Pad Strips are 54" long
Pad strip 4" wide Black prt # 2A81216
Pad strip 4" wide Blue prt # 2A81218
Pad strips are packaged 5/box

Fits onto the Scrub Jay #3
Together they clean baseboards
up to 8" tall.

Made in Canada 

35

Astro pads for Scrub Jay diamond impregnated PAD strips

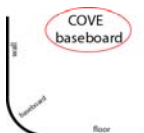

Pad strips are sold individually
for Scrub Jay #3

We stock 400 and 800 grit 4" wide pad
strips

Astro 400 part # 2A81223

Astro 800 part # 2A81224

These ASTRO pad strips are the new addition to our highly valued "Scrub Jay" attachment. They are diamond impregnated to **grind** and **hone terrazzo** baseboards. Designed to be used for cove type of baseboards.

Treat them as you treat any diamond by using water during honing.

Made in Canada

Flexhoses

for baseboard
cleaning

Woodpecker
part #
2A88822

Rabbit-3,
Stonechat, #
2A88823

Rabbit-5
part #
2A88821

Your machine can be
retrofitted with
one of this flex-
hose to clean
baseboards.

Water tanks

4 gallon

This is an inexpensive
version of the 2A tank.
It has an internal valve
and no drain plug.
Part # **9M88850**

Front view

Deluxe water (solution) tank.

The back side of the tank has a
large outside bronze valve & a
drain plug. This valve is
manufactured for over 50 years
& if needed you can change it
yourself.

The stainless steel rod is
positioned outside of the tank,
therefore the tank has no
chance to leak on the top. The
drain *plug is tapered* and it is a
great help to empty the tank.

Part # **2A88850**

Back view

37

Non-slip shoe sole

Before you start to
strip the floor,
protect your body
from slipping by
using the
Roadrunner on your
shoes. Made from
highly slip resistant
material.

Part # **2A81250**

Steel Ring for **Silento 30/31**
9-3/4" Dia Part # 1E74200

Steel Ring for **SL-3 No Cage**
10-1/8" dia Part # 1E74100

Steel Ring for **older 45L**
15-1/2" dia Part # 1E62401

Steel Ring is not required for **Silento 300 or 310**

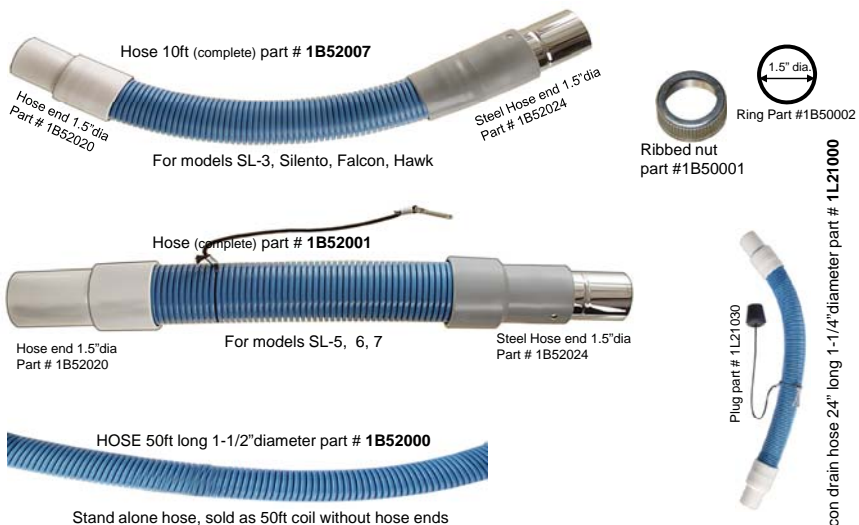

Steel Ring is not required for **Falcons** in current production

Steel ring is not required for SL-3 with cage.

Made in Canada 

43

HOSES for Vacuum cleaners

44

Power brush

This is a **heavy duty 16 inch wide commercial power brush**. Driven by an electric motor. It will remove dirt from all types of carpet. Can be used with all Centaur vacuum cleaners. Fit 1-1/2" dia. Hose.

Part # 1F13000

It comes complete with 3 pcs chromed wand (2 straight & one curved)

2 cables (one short and one 10ft long)

Silento require a special adapter to connect it to the motor housing

45

Vacuum Tool Kits

Tool Kit #74 WET/DRY

part # **1B49974**

Contains

Combination Tool prt# 1B50060

Squeegee prt# 1B50075

3-piece wand prt# 1B50010

Tool Kit DRY #73

part # **1B49973**

Contains

Combination Tool prt# 1B50060

3-piece wand prt# 1B50010

With the flip of a lever the Combination Tool can be changed over from carpet cleaner to hard surface floor cleaner.

46

Vacuum cleaner tools 1-1/2" diameter

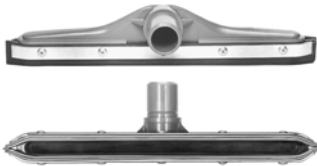

Carpet tool slotted 14" wide plastic. It is a simple but effective dust pickup tool Part # **1B50300**

Carpet tool 14" wide plastic. Excellent for water pickup from carpet Part # **1B50200**

47

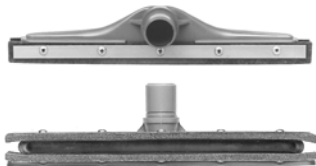

Vacuum cleaner tools 1-1/2" diameter

Squeegee 14" wide plastic Part # **1B50100**

It is a simple but good water pickup tool from hard surfaces, such as vinyl tiles, terrazzo floor, concrete floor, ceramic tiles

Replacement blades part# **1B50102** (4 pieces)

Felt tool 14" wide plastic Part # **1B51200**

A very good tool for water & debris pickup from hard surfaces, such as vinyl tiles, terrazzo floor, concrete floor, ceramic tiles.

It is more gentle and less noisy than the squeegee

Replacement felt part# **1B51202** (pair)

Dial-a-job 17" wide aluminum tool Part # **1B55540**

The height of the blades are adjustable by rotating the middle knob. This tool can be used for picking up liquid or dry material. It is an excellent carpet tool.

The blades and wheels are replaceable and its body last for decades.

Replacement blade part# **1B55541**
(pair)

48

Vacuum cleaner Carpet tools

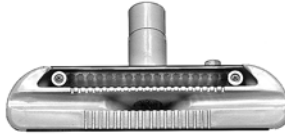

1-1/2" diameter

Carpet tool 11" wide plastic Part # 1B51000

It is a well accepted & well proven tool for 50 years

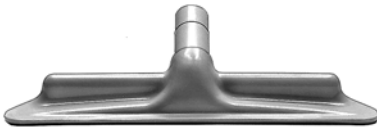

Replacement brush part# 1B51001

Carpet tool 16" wide plastic Part # 1B50900

It is identical to the above tool except it is wider.

Replacement brush part# 1B50901

49

Vacuum cleaner tools 1-1/2" diameter

Horse hair aluminum floor tool 11" wide. The fine hair is suitable to clean billiard table and similar delicate surfaces. Part # 1B54600

Replacement Brush part# 1B54601

Gulper tool Solid aluminum 12" wide tool for very tough jobs. May be used on concrete or brick surfaces. Part #1B54500

50

Vacuum cleaner tools 1-1/2" diameter

Floor tool Natural Tampico bristle good for hard wood, concrete or Cory tile. 14" wide plastic body
Part # **1B50400**

Replacement Brush part# 1B50401

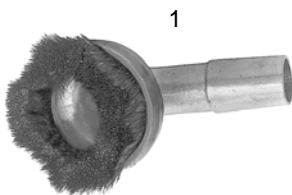

Upholstery tool with removable brush. 7inch wide. Part #**1B51300**

Replacement Brush part# 1B51301

2.
2-1/4"dia round plastic brush
Part # **1B50600**

2

3a.
#1B54101 refill for 1 to 3" pipe tool
#1B54201 refill for 4 to 6" pipe tool
#1B54301 refill for 6" & larger

3.

Pipe tools.

We offer 3 different sizes. See 3a illustration
#1B54100 for 1 to 3 inch pipes

#1B54200 for 4 to 6 inch pipes

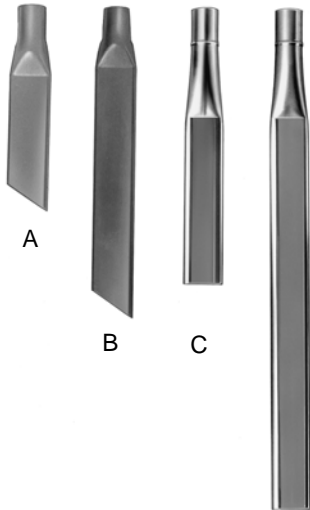

#1B54300 for larger than 6 inch pipes

These tools are designed for tough and rough jobs to remove dust from overhead pipes and hard to reach places. Made of aluminum with replaceable brush. Mounted on to the end of long straight wands.

52

Vacuum cleaner Crevice tools

for 1-1/2" diameter hose

A.

Crevice tool 11" long Plastic Part # 1B50700

The least expensive good tool for every-day cleaning

B.

Crevice tool 17" long Plastic Part # 1B53000

It is 5 inches longer than the above mentioned tool

C.

Crevice tool 15" long STEEL Part # 1B53100

This tool is designed for tough and rough jobs

D.

Crevice tool 27" long STEEL Part # 1B53200

This tool is designed for tough and rough jobs. Great tool to be used at waist height without bending down. Eliminates back pain.

Purchasing guide for diamonds

to grind, hone and polish
Marble
Travertine
Terrazzo

This chart will give you an accurate guide as to what diamond to buy and what sequence to employ.

You may use a 175 rpm machine with weights, on a 110 volt circuit or a higher speed machine with greater horsepower and with 240 volt circuit.

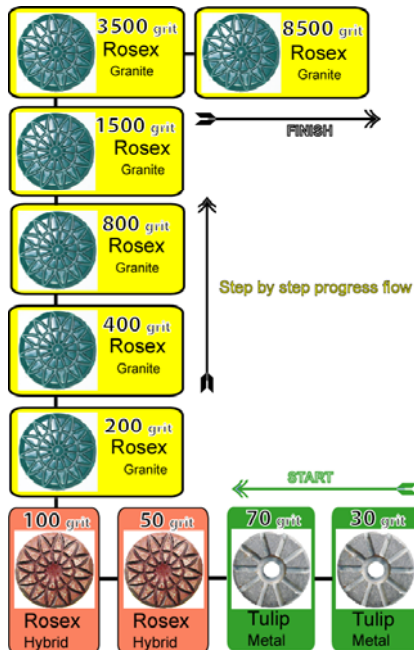

As always, weight and speed are Important to achieve good production.

To reduce polishing cost we offer the Diaflex resin diamonds. They are thinner and won't last as long as the Rosex.

The Astro pads are also a good substitutes for Rosex. However, the best method to grind (30,70,50,100) is what you see on this chart.

57

Diamonds

for concrete, granite grinding or glue removing

The **SPIRAL CUP-WHEEL** has a very aggressive diamond pattern with about #30 grit. Available in 5/8-11 thread. Use it on a Stonechat or on hand grinder and on the EDCO walk behind edge grinder

4"dia in 8 segments part # 2C00422
4"dia in 14 segments part # 2C00423
7" dia. 18 segments part # 2C00419
7" dia. 24 segments part # 2C00420

The **Double Row CUP-WHEEL** is a less aggressive than the SPIRAL and it leaves a smoother finish on the floor. Available in 5/8-11 thread. Can be used on a Stonechat or on hand grinder or on the EDCO walk behind edge grinder.

4"dia part # 2C00424
5"dia part # 2C00425
7"dia part # 2C00426

The **HEXAGON** disc is one of the most aggressive diamond patterns. Available in 5/8-11 thread coarse grit. Can be used on a Stonechat or on hand grinder.
5"dia.10 segment Part # 2C00428

Diamonds

for concrete polishing or glue removing

Part# 2A82030 & 2A82031
GIMLET grit size 16

6 GIMLET diamonds are mounted on an aluminum block & used on the **Stonechat** to do the following:

1. Removing carpet or tile glue from concrete surfaces.
2. Roughen concrete & prepare it for epoxy coating.
3. Use it to flatten the concrete.

May be used *wet or dry*. This is the most aggressive diamond we have. It leaves a heavy scratch pattern on the floor. Life expectancy about 10,000sqft

Gimlet 16 grit part# 2A82031 mounts on aluminum plate

5 segment 30, 50, 80 grits aggressive metal matrix diamond.
Use 6 pcs on each of the two plates for each grit.

for the **Eco/Prep** machine. Use it *wet or dry*. Life expectancy 10,000sqft. Effective on marble, terrazzo or concrete.

Part #2C00150 EG metal 30 grit

Part #2C00151 EG metal 50 grit

Part #2C00152 EG metal 80 grit

EG represents the two pin system.

Floor Pad 5/case

White floor pad 18" dia. Part #2A81119

ASTRO pads

Diamond Impregnated

Use them on swing machine, on auto-scrubber and/or on burnishers
Best to use them on moist floor but you may use them dry.

These floor pads range in grit from 400 to 6000
The diameter range is from 13 inches to 27 inches

4" dia 2C00790 - 2C00793
13" dia 2C00810 - 2C00813
14" dia 2C00854 - 2C00857

16" dia 2C00858 - 2C00861
17" dia 2C00820 - 2C00823
18" dia 2C00825 - 2C00829
19" dia 2C00862 - 2C00865
20" dia 2C00835 - 2C00838
21" dia 2C00850 - 2C00853
24" dia 2C00840 - 2C00843
27" dia 2C00845 - 2C00848

These pads will do as good a job as hard diamonds, except they will not flatten the floor because they will conform to it.

Made in Canada

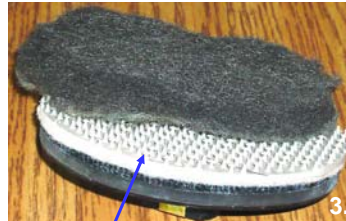

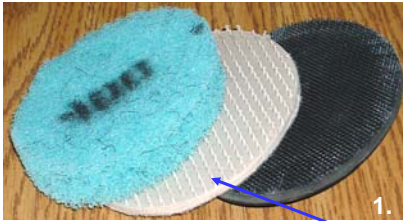

Vortex pads

These are complementary discs to the Astro pads.
Hard diamonds mounted on a flexible rubber disc.
We have them in variety of sizes in 100 and 200grit. Can be used (dry) on propane burnisher.
Position a floor pad between the Vortex & the burnisher driver, then you are ready to go. Use the burnisher at half speed. They will grind & hone concrete or terrazzo at a high rate. Although they can be used on marble, they don't take kindly to lippage. After you have finished honing with the Vortex 200 grit, switch over to Astro 400 then 800 then 1500 pad.
Contact us for more information

The Gripper & back plates

The GRIPPER

1. Astro pad on Gripper and back-plate
2. Astro pad on Gripper and back-plate
3. Steelwool on Gripper and back-plate

This unique holder has a Velcro on one side while on the other side has a coarse gripping surface. It will hold Astro pad or steel-wool pad much firmer than any Velcro surface.

GRIPPER 4"dia Part # **2A80230**
GRIPPER 5"dia Part # **2A80231**
GRIPPER 6"dia Part # **2A80232**

Back plate, flexible type for angle grinder 3"dia part # **2C01639**
Back plate, flexible type for angle grinder 4"dia part # **2C01640**
Back plate, flexible type for angle grinder 5"dia part # **2C01641**

67

Mohs hardness tester

Determine the hardness of the surface and determine the type of stone.

The scale was created in 1812 by the German mineralogist [Friedrich Mohs](#)

The tester consist of 8 different scratchers.

One of them with plastic point numbered 2

One of them has copper point numbered 3

The rest consist of variously hardened steel numbered from 4 to 9

Part # **2C01000**

Note: when the tips get dull, just bring them to us & we will re-sharpen them at no charge.

Made in USA

68

Floor & Carpet Protector

These are excellent time savers. Only one side of the sheet is tacky. Once you put it down, it stays put for 60 days. When the job is finished, just pick it up & discard it.

2ft wide x 200ft long FLOOR (blue) part # **2A80330** CARPET (clear) part# **2A80331**

3ft wide x 200ft long FLOOR (blue) part # **2A80332** CARPET (clear) part# **2A80334**

The clear material is for carpet, the blue is for marble, granite, terrazzo or wood.

(DO NOT use the clear plastic on marble, granite, terrazzo or wood)

69

Hard edge Separator

Use the EDGE SEPARATOR when you are working on a hard surface floor & you don't want to damage the adjacent carpet. The SEPARATOR is made of heavy gage galvanized steel.

Used on the carpet adjacent to **marble, granite, wood, concrete, terrazzo or ceramic tiles.**

Made in Canada
Patent Pending

Hand grinder-polisher

Dust guard

Variable speed Grinder / polisher, complete with dust guard and 5" back plate. The aluminum guard may be used as a splash guard when water is used for grinding.

Part # **2C01635** for the complete machine which consist of dust shield & backer plate

Heavy duty aluminum & rubber dust shield part # **2C01632**
5" dia Backer plate part # **2C01641**

You may also want to equip the grinder with:
GRIPPER 4" dia Part # 2A80230
GRIPPER 5" dia Part # 2A80231
GRIPPER 6" dia Part # 2A80232

A time proven variable speed hand grinder with dust guard. When grinding dry, attach a vacuum hose to it to suck up the dust generated by the machine.

The variable speed is great in any grinding or polishing situation. Can be used with 3", 4", 5" or 7" diameter back-plate. Use it on counter top, on floors along the wall. In corners and in elevators.

72

Glue-Off

- There are times when the entrance carpet is glued to the marble or granite floor for the winter months. Then when the spring arrives, the glue has to be removed. This concentrated Glue-Off is ideal for the job.
- You just mop this liquid onto the top of the glue, leave it there for five minutes and scrape it off. Rinse it a couple times and the job is done.
- Of course this is not the only place you can use Glue-Off.
- Anytime when the carpet is removed from concrete, just use Glue-Off which will soften the glue sufficiently to enable you to scrap it off the floor.
- Because it is so highly concentrated, add 25oz to a gallon (200ml to a liter) of hot water and it can be used for asphalt or tar removal.
- Part # **8A01354**

StoneLinc div. of Centaur Floor Machines Ltd 103 Denison St Markham ON L3R 1B5 tel: 905-475-5640

Made in Canada 

73

Crystalizer

Crystalizer 5 litre

Part # **8A10012**

This is a superb liquid to make the floor look shinier and harder. Use it from a spray bottle. Put 1 weight (40lb) on the floor machine and a steel wool pad under it.

Steelwool 18inch diameter

Part # **2A81001** /ea

Part # **2A81002** /case of 12pcs

74

Baseboard cleaner

TroubleGone

Baseboard cleaner

- Part # 8A01370
- Water based viscous liquid which stays on vertical surfaces. It needs to be "painted" on the baseboard with a long handle large brush. This way you will avoid the problems in hospital & schools where spraying is prohibited.
- The application is very fast.
- Using this method overspray is eliminated.

Made in Canada 

75

StoneLinc PC

Marble polishing powder

- Part # 8A10050

This water soluble powder is a great marble polisher. It has proved itself time and time again. The result is either good or magnificent. It all depends where do you stop the honing/polishing with hard diamonds. While the best finish can be achieved after 3500 grit it will give the floor a nice shine after 800 grit. Very economical. The 10kg goes a long way.

Mix it with water in a small container to toothpaste or baby food consistency. With a putty knife spread it onto the floor pad.

Use a white pad and 180rpm machine. Put an extra 40lb weight on the machine. When finished, clean the floor and rinse it well.

Then use a new dry white pad & polish the floor clean from the haze. Fill a spray bottle with water. Give an occasional squirt of water to stubborn haze and polish it dry. You will get a superior shine.

76

Concrete Cleaner & Concrete hardener

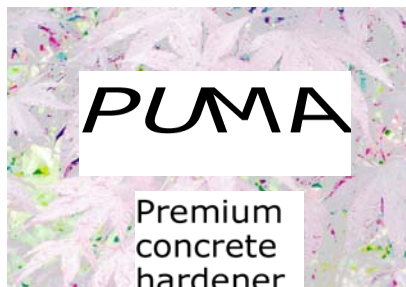

KleanHard Concrete floor cleaner

Part # 8A10040 4 liter

An excellent concrete and terrazzo cleaner. It contains lithium silicate which hardens the concrete and the terrazzo. This help eliminating the constant powdering of the concrete. Use 2 oz per gallon of water with mop in bucket or in auto scrubber

Made in USA

- **PUMA** concrete hardener-densifier with 17% Lithium.
- Part # 8A10025 4 liter
- Part # 8A10026 20 liter

The hardener creates a non-soluble crystal which fill the concrete pores creating a smooth flat surface. This causes light to reflect evenly, creating a shinier surface.

If the concrete is new or wet, it blocks the silicate from penetrating. Wait for 28 days after concrete is poured

Made in Canada

77

Sealers for marble, terrazzo

511 Impregnator – The Original Impregnator (solvent base)

Quart (~1L) part# 8A10081 Gallon (~4L) part# 8A10082

This is the original **penetrating sealer** designed to protect stone surfaces. It forms an invisible barrier that resist moisture and stains while allowing vapour to escape. It is not a surface coating and will not alter the natural look of the stone. It will make the surface less slippery.

• Grout • Porcelain or Ceramic Tile • Concrete • Quartz • Quarry Tile • Granite • Brick • Travertine • Polished Marble • Stucco • Agglomerate • Terrazzo • Slate

511 H2O Plus Water Based Penetrating Sealer.

Quart (~1L) part# 8A10083 Gallon (~4L) part# 8A10084

This is a water base penetrating sealer is very similar to the 511 accept it does not produce a strong odour.

511 CST Concrete or Terrazzo Surface Treatment.

Can be used on travertine, marble, terrazzo against winter salt damage.

Quart (~1L) part# 8A10089

511 CST is a unique polymerized formulation designed for the protection of concrete products. "CST" forms an invisible barrier that is resistant to moisture and stains while allowing vapor to escape. Concrete surfaces are protected from spalling and damage by salt water intrusion in addition to excellent Freeze-Thaw performance.

- **SPECIAL FEATURES:** • Weather Resistant
- U.V. Transparent • Non-Yellowing • **Salt Water** Resistant • Freeze-Thaw Resistant
- Acid Resistant

	Coverage/sq.ft avg
Sanded grout	1000
Quarry tile	1500
Ceramic tile	2500
Porcelain tile	4000
Granite, marble	3500
Terrazzo, travertine	2500

For good result treated keep area dry for 3 days

78

73

Cleaners

Made in USA 

Porcelain & Ceramic Tile Cleaner

Use it on • Ceramic, Porcelain, Mosaic Tiles • Plastic sink • Stainless steel sink • wash basin • Bathtub • Shower wall • Toilet bowl • Formica surface
It is a unique scouring compound that quickly removes stubborn stains, grease, soap scum and everyday grime. It can be used by hand or with a floor machine and will also clean grout. It will remove hard water deposits, soap scum on stone showers. **SPECIAL FEATURES:** • It has a clinging action • Very easy to Use • It has No Harsh Chemicals
Part # Quart (~1L) part# 8A10087

Mira Clean #1

For daily Cleaning

Regular non-acid cleaner for:
• Marble • Ceramic Tile • Granite • Quarry Tile • Terrazzo • Limestone • Grout • Sink • Bath tube • Formica
Mira Clean #1 is a concentrated product. It is nontoxic gentle cleaner for the most difficult jobs.

It is **Concentrated**. Dilution: add
1.5 oz to 1 Gal water or
25ml to 1 liter of water
Interior & Exterior use
Part # Quart (~1L) part# 8A10085

79

Crack repair with Epoxy

For cracks on **terrazzo, marble and granite** floors use this heavy duty double barrel dispenser with the epoxy cartridge shown below.

For light or hairline cracks, use the small mixing tube with double barrel cartridge. It is very fluid and will fill small long cracks with ease. Leave it there for 24h to cure, after which you can level it by grinding and honing to match the surrounding area.

For the wider cracks on **terrazzo, marble, granite and concrete**, use the large mixing tube with double barrel cartridge. It is GEL and will fill large long cracks with ease. Leave it there for 24h to cure, after which you can level it by grinding and honing to match the surrounding area. Before ejecting the epoxy, fill the crack first with **backer rod** by pushing it in the crack with putty knife. This GEL comes in two colours, white and grey.

Part # **8A10030** EpoxCrete Crack filler clear 450ml
Part # **8A10031** EpoxCrete Crack filler GEL. 450ml
Part # **2C01002** Double barrel Cartridge gun
Part # **2C01004** mixer tube small ¼"
Part # **2C01005** mixer tube large ½"

Customer Protection Warranty

Centaur warrants all new product to be free from defects in materials and workmanship under normal use in the following manner. The warranty begins when the machine is purchased by the end user. The warranty shall not apply to or cover wear and tear, mechanical alteration, neglect, loss of parts or abuse. Manufacturer obligation under this warranty being limited to repair or replace parts without charge at our factory or at authorized service depot. The customer is obligated to return the machine freight prepaid and accept collect freight charges when the machine is returned. Centaur will not be liable for any other damages, including, but not limited to, indirect or consequential damages arising from performance or inability to use the machine.

Floor Machines - Rabbit-2, Rabbit-3, Swift, Rabbit-6, Woodpecker, Stonechat.

1. One (1) year warranty for parts and labour (bumper to bumper) Cable warranty is for one year except twisting which could occur when cable is incorrectly wrapped. See instruction manual how to wrap cable.
2. Two (2) years warranty for motor and gearbox. Except motor armature, its coupler to the gearbox & gearbox pinion gear which are covered for one year.
3. Ten (10) years warranty for motor base & shroud, splash guard, handle's switch box shell, against cracks.

■ Vacuum cleaners - SL-series, Falcon-series, Hawk, Silento.

1. One (1) year warranty for parts and labour.
2. Ten (10) years warranty for vacuum tanks & motor housing against cracks.

Repair WARRANTY

1. Parts replaced under warranty are dated back to purchase date.
2. New motors warranted for one year.
3. Other parts and labour warranted for 30 days.

GARANTIE

Centaur garantit que tous ses produits neufs sont exempts de défauts de matériel et de main-d'œuvre dans des conditions normales d'utilisation et selon les modalités décrites ci-après. La garantie entre en vigueur à la date d'achat de la machine par son utilisateur final. La couverture de la garantie ne s'applique pas aux dommages causés par l'usure, la détérioration mécanique, la négligence, la perte de pièces ou un usage abusif. La garantie du fabricant est limitée à la réparation ou au remplacement des pièces défectueuses, sans frais, à l'usine du fabricant ou dans un atelier de réparation autorisé. Le client doit expédier la machine en payant d'avance le prix du transport et il doit acquitter les frais de transport lorsque la machine lui est retournée. Centaur ne sera responsable d'aucuns autres dommages, y compris, mais non de façon limitative, les dommages indirects ou consécutifs liés à l'utilisation de la machine ou à une incapacité à l'utiliser.

Machines à nettoyer les planchers - Rabbit-2, Rabbit-3, Swift, Rabbit-6, Woodpecker, Stonechat.

1. Garantie d'un an sur les pièces et la main-d'œuvre (pare-chocs à pare-chocs). La garantie sur le câble a également une durée d'un an, sauf si le câble est tordu parce qu'il n'a pas été enroulé correctement. Voir le guide d'utilisation pour savoir comment enrouler le câble.
2. Garantie de deux ans sur le moteur et la boîte de vitesses, à l'exception de l'induit du moteur, de son dispositif d'accouplement à la boîte de vitesses et du pignon de la boîte de vitesses qui sont couverts par une garantie d'un an.
3. Garantie de dix ans contre la fissuration de la base et de l'enveloppe de protection du moteur, du pare-éclaboussures et du boîtier de l'interrupteur installé sur le manche.

Aspirateurs – modèles SL, modèles Falcon, Hawk et Silento

1. Garantie d'un (1) ans pour les pièces et la main-d'œuvre.
2. Garantie de dix (10) ans contre les fissures ou brisures de la citerne à dépression et coquille de moteur.

GARANTIE associée aux réparations

1. Les pièces remplacées en vertu de la garantie portent la date d'achat de la machine.
2. Les nouveaux moteurs achetés sont garantis un an.
3. Les autres pièces et la main-d'œuvre sont garanties 30 jours.

85

Learn how to Restore and Polish **Terrazzo, Marble & Granite** floors.

Hands-on training seminar for:

Jan-San dealers to gain knowledge and serve their customers at an upgraded level
Carpet cleaners & Janitors who wish to get more work from their customers existing hard floor
Hospital maintenance crew to know what to do with their new cove baseboards
School Custodians to gain knowledge how to maintain terrazzo floors and cove baseboard
Home owner who wish to maintain their own marble, travertine floors or granite counter tops
Hardware Store manager to gain knowledge as to what product to suggest to their customer

Contact us for
the dates

The course will be held in our factory at 103 Denison St. Markham, ON, Canada (This is our 9th teaching year)
 Training will start at 8:30 am **sharp** and finish around 5:00 pm Free lunch will be provided

During this powerful training seminar we'll teach you very practical skills:

- Learn how to identify the marble, granite, travertine, limestone and terrazzo (during the morning theory session)
- Learn how to restore worn, scratched dull floors (during the afternoon hands-on training)
- Learn how to maintain these floors with hard diamonds & with the new Astro pads
- Learn how to enhance stone's colour and seal the surface
- Learn how to restore marble counter top and vanity top
- Learn what type of diamonds to use and in what sequence to achieve your goal
- Learn how to **save money** to maintain terrazzo floors using the new technology - **the Astro pads**
- Learn how to clean square and how to clean and hone curved terrazzo floor baseboards with the Scrub Jay

You'll take home a comprehensive manual for future use and a Certificate as a "Marble, Terrazzo Restorer"
 You'll have the opportunity of working with the machines, the diamonds and ASTRO pads - a true hands-on experience that will give you a feel for operating them and observing their productivity.

Bring your camera with you.

The seminar consists of 3 hours academic study and continues with hands-on training. Be prepared to "get dirty" ©
Maximum number of participant is 10 people. The cost of the seminar is \$500 per person. (plus taxes).

Note:

To secure your seat send us \$100.00 deposit. You may cancel and have your money refund or deferred, if you do it no less than 10 business days before seminar date. We accept cheques or credit cards.
